**WAEYC Mission Statement:**

The Westchester Association for the Education of Young Children is a professional organization which advocates for children birth through eight years. It educates, guides policy, and promotes quality early childhood programs.

# Spring Training Workshops 2010

**WAEYC is pleased to present its 2010 Spring Workshop series!**

The Spring Workshops are a terrific opportunity for directors, staff, specialists and parents to continue their education in the early childhood field. This year we are offering 17 workshops in March and 20 in April. These quality programs are designed to bring new concepts and techniques to staff, to enhance the classroom experience for the children we serve, and to provide everyone with training hours and networking opportunities. We invite you to share the workshops with the parents at your program; there are many that would appeal to them also!

## **From the Presidents:**

Happy New Year from WAEYC! In the daily email letter Exchange Everyday published by Child Care Exchange, I found the following and shared it with my staff and now with you:

**It's not too late for New Year's Resolutions.** Try some of the following during the coming school year!

- **Resolve to accept that bad days will happen** and that sometimes activities and lessons won't go well. You are not a perfect teacher and never will be, and that's fine.
- **Resolve to say something nice to each of your students at least once a week, if not more.**
- **Resolve not to let students fall through the cracks.** If someone is having problems, make an effort to do all you can do to help.
- **Don't compare yourself to other teachers.** You can learn from them, but don't beat yourself up if you're not as charismatic or creative or well-liked as that guy down the hall. Just do the best you can and build upon your own strengths.
- **Don't forget to take care of yourself.** Eat well, exercise, and get enough sleep.
- **Resolve to try new things in your classroom.** Be creative, and read up on interesting activities. Look for new ways to present material. If some of these things don't go well, don't worry about it. Keep trying.
- **Resolve to leave the classroom behind at the end of the day.** Let yourself be someone other than the teacher when you go home.
- **Get to know your fellow teachers better.** Give them an opportunity to vent about their classroom problems with you. Offer help if you can. Don't talk about them behind their backs. You're all in this together.

## **Thank You!**

A special thank you to Anna Maria Rodriques, WAEYC Program Chair, for her outstanding work planning and coordinating the October Conference. While the turnout was lower than usual, 263 attendees, the feedback on our speaker Gretchen Kinnell and the workshop leaders was enthusiastically positive!

A special thank you to Joyce Guimaraes for putting together our Spring workshop series of 37 workshops! Where else can you receive training hours for \$15.00 a workshop!
